miessence®

FOUR MIESSENCE SKIN PROFILES

BALANCING

Normal/Combination Profile

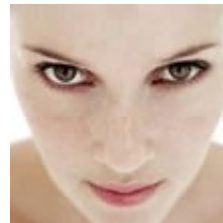

- Even skin tone, with fine to average pore size
- May have enlarged pores with T-zone oiliness and dryer areas on the rest of face
- Occasional breakouts
- Some blackheads

SOOTHING

Sensitive Profile

- May have surface capillaries & flaky patches
- Can feel irritated and itchy
- Can appear blotchy
- Allergic reactions are common
- Flushed and red easily

REJUVENATING

Dry/Mature Profile

- Needs extra nourishment
- Some loss of elasticity
- May have some dry patches
- Dull complexion / no sheen
- May have surface capillaries

PURIFYING

Oily/Problem Profile

- Can have oily sheen
- Breakouts/blemishes
- Congestion/clogging
- Open pores, blackheads and redness

miessence®

MIESSENCE Facial Cleansers

- No soap or detergents to strip the skin
- Extremely mild and gentle
- Contains yucca extract (plant saponin)
- Use with warm water and cloth
- Certified organic
- Natural fresh plant based aroma from pure organic essential oils and plant extracts

Why

Cleansing removes the top layer of dead cells, oil, perspiration and pollution. If your skin is not cleansed properly it becomes dull and flaky and the oil glands block up with dirt and cellular waste, causing breakouts and congestion.

How

Gently press the face with a warm, soft cloth to soften and prepare the skin for cleansing. Massage one or two pumps of cleanser into your face and neck. Remove with a damp cloth and plenty of water. If wearing make-up, a second cleanse is necessary.

When

Twice daily (am/pm)

miessence®

MIESSENCE Exfoliants

- Garnet - great for congestion, blackheads and open pores. Contains smooth, polished alluvial garnet.
- Gentle - gentler exfoliant for thin, dry, sensitive skin. Contains jojoba beads, which are round and soft.
- Oxygenates the skin and speeds up cell growth, promoting a youthful glow
- Do not use with active blemishes to avoid spreading infection
- Certified Organic Ingredients

Why

A build up of dead skin cells causes a rough and dull appearance. Exfoliating the top layers of dehydrated cells promotes a youthful, glowing skin.

How

Squeeze a small amount of exfoliant onto damp fingertips and GENTLY massage onto damp skin using a small circular motion, paying particular attention to T-zone if necessary.

When

A few times a week for normal/combo/oily/clogged skin. Do not exfoliate blemished skin, to avoid spreading infection.

miessence®

MIESSENCE Mineral Masks

- Balancing – blackheads, open pores, dull skin
- Rejuvenating – tired, dull, mature complexion
- Soothing – ruddy, congested, sensitive skin
- Purifying – blemishes, blackheads, open pores
- One jar contain at least 24 masks
- Draws toxin from the skin
- Re-mineralizes and assists tissue regeneration
- Contain sun-dried French clays, organic herbs and essential oils
- Masks can be combined together to create a tailor-made mineral mask for specific conditions, e.g. mix soothing and purifying for inflamed blemish prone skin.
- Certified organic ingredients

miessence®

MIESSENCE Mineral Masks Cont..

Why

While regular cleansing removes surface impurities, clay based masks will actually draw toxins from within the skin so they can be washed away. Clay firms, tones and refines the skin, promoting a smooth, supple, and clear complexion. Clay remineralises and rebalances the skin. Masks must be followed by a Skin Conditioner and Moisturiser to prevent dehydration.

How

Using the jar lid as a bowl, make a smooth paste by mixing 1 tsp of purified water with 1 heaped tsp of mask powder. Stir to form a smooth paste and smooth a generous amount of mask onto the face and neck. Lie down with your feet up and relax for 10-15 minutes, until mask is almost dry. Rinse off with plenty of tepid water and a soft cloth.

When

- Twice a week for normal/combo/oily skin.
- Once a week for sensitive and dry/mature skin.
- Daily for blemished skin (for a week) then every second day (for a week), then twice weekly until congestion and blemishes have cleared.

miessence®

MIESSENCE Probiotic Skin Brightener

- Lighten & brighten the complexion
- Improve photo-damaged skin
- Create a smoother, less wrinkled appearance
- Revitalise the skin
- Certified Organic

Naturally occurring lacto-bacteria transform organic whole grains and legumes into a mild alpha-hydroxy acid liquid (lactic acid) via an exclusive natural process of lacto-fermentation and enzymatic, pre-digestion, which increases the absorption and availability of phyto-nutrients in the formula.

Why

The naturally fermented lactic acid liquid in Probiotic Skin Brightener is known to restore and protect the skin's acid mantle, lighten and brighten the complexion, improve photo-damaged skin, exfoliate dead skin cells for a smoother, less-wrinkled appearance, help break down impurities, whilst bringing moisture, clarity and vitality to the skin.

How

Dispense 2 to 3 pumps onto a cotton wool ball or pad and sweep it gently over the face, throat and décolleté, avoiding the eyes.

When

Twice daily (am/pm) after cleansing, before applying Skin Conditioner.

miessence®

MIESSENCE Skin Conditioners

- Nutrient rich active ingredients makes this a vital step!
- Replaces the use of a toner with an alcohol-free herbal infusion
- Dual purpose - feeds the skin, and provides hydration base for moisturiser to seal in
- Moisturiser will last longer
- Balancing – nourishes and tones
- Rejuvenating – energises and stimulates.
- Soothing – calms redness and soothes
- Purifying – balances secretions and purifies
- Pat onto skin and leave to absorb for a few seconds before applying moisturizer
- Certified Organic

Why

Conditioning is a vital step in the Miessence skincare regime! Conditioning has a twofold purpose: firstly, to feed the skin with nutrients in the water-soluble botanicals, organic herbs, vitamins and essential oils, and secondly, to provide a hydration base for the moisturiser to lock in.

How

On clean moist skin, massage 2 to 3 pumps of conditioner gently onto face, throat and décolleté.

When

Twice daily (am/pm) on cleansed skin.

miessence®

MIESSENCE Treatment Gels

- Intense concentrations of botanical extracts
- Certified organic
- Blemish Gel – for blemishes and healing
- Can be used on minor cuts and scratches
- Gentle enough to use on children
- Couperose Gel– for broken capillaries and redness (for maximum benefit use daily)

Why

Treatment gels are intense concentrations of botanical extracts for special skin needs.

How

Apply 1 to 2 pumps of the treatment to the fingertip and pat into affected areas.

When

Twice daily (am/pm) after conditioning and before moisturising.

miessence®

MIESSENCE Moisturisers

- Balancing – protects and hydrates
- Rejuvenating – nourishes and revitalises
- Soothing – soothes and strengthens
- Purifying – hydrates without clogging
- Olive extract eliminates free-radicals (anti-aging, anti-wrinkle), increases hydration and elasticity
- Phospholipids strengthen the connection between skin cells
- Exquisite ingredients like organic Neroli and Rose essential oil
- Food for the skin, a little goes a long way!
- Certified organic

Why

This step creates a protective barrier against free radicals and moisture loss (one of the main causes of wrinkles). The special ingredients in our unique organic base have lasting effects on skin hydration and smoothness.

How

Apply one to two pumps of your moisturiser to the palm of your hand then pat and press gently onto your face, throat and décolleté.

When

Twice daily (am/pm) after conditioning (and treatment, if required).

miessence®

MIESSENCE Serum

- Firming Eye & Neck Serum – crow's feet, aging neck
- Softens, smoothes and tones with certified organic botanicals
- Rejuvenessence Facial Serum – wrinkles, scars, damaged, dry, aging skin
- Use Rejuvenessence daily as a preventative anti-aging treatment
- A few drops is all that is needed
- Intensive blend of healing & rejuvenating oils
- Both contain organic rose hip seed oil and organic avocado oil
- Use after moisturiser to lock in moisture
- Certified organic

Why

Serums lock in moisture and intensively nourish the skin. Use Rejuvenessence Facial Serum daily in extreme heat, cold or windy conditions to protect the skin and nightly, to help regenerate and revitalise.

How

Because our product is ultra-concentrated, only a small amount is needed for optimum results! To use the Rejuvenessence Facial Serum, pump a few drops into the palm of the hand, warm to skin temperature, then gently pat and press onto your face/total eye area (from outer to inner eye), throat and décolleté.

When

After moisturising. Rejuvenessence Facial Serum daily (am/pm).

miessence®

MIESSENCE Hydrating Mist

- Great for dehydrated, tired skin that needs refreshment!
- Perfect for air-conditioned offices and aeroplane travel
- Contains panthenol to keep moisture on skin and prevent dehydration
- Can be used to 'set' make-up
- Use whenever the skin needs a moisture boost
- Exquisite rose aroma
- Certified organic

Why

Saturated with water-soluble botanicals present in the petals, rosewater has many uses. Spray over make-up for a dewy complexion. Perfect for rehydrating and invigorating your skin. Perfect for air-conditioned environments, such as offices and aircraft.

How

Holding the bottle at arm's length, spray a gentle mist around the face to cleanse the aura, calm the soul and rehydrate the complexion.

When

Whenever you and your skin are feeling stressed!

miessence®

MIESSENCE Shaving Gel

- Non-foaming gel provides razor-slip for a close shave
- Gentle soothing ingredients to leave soft and free of razor burn
- Long lasting, only a small amount needed
- Certified organic

Description

A light, lubricating gel formulated with organic aloe vera for sensitive or irritated skin. Provides good razor-slip for a close, smooth shave with organic safflower and xanthan gel. Organic emollients protect against razor-burn, nicks and cuts whilst softening and soothing the skin.

How

Apply a small amount to wet face and massage gently. Shave as usual and rinse face with tepid water and a soft cloth.

miessence®

MIESSENCE After Shave Balm

- Hydrating to sooth, tone and refresh skin
- Chamomile and Marshmallow to calm razor burn
- St johns wort & witch hazel to refine and tone
- Subtle masculine aroma
- Certified organic

Description

A hydrating balm to sooth, tone and refresh the skin. Calms razor-burned skin with organic chamomile and marshmallow and soothing organic aloe vera. Refines and refreshes with organic witch hazel and st johns wort.

How

Apply two to three pumps to fingertips and gently massage over face and neck area after shaving. Allow to absorb briefly before applying moisturiser.

miessence®

MIESSENCE Translucent Foundation

- Evens out the complexion
- Translucent natural coverage
- Contains zinc oxide (UV protection)
- Keeps skin hydrated and protected from pollution
- Natural mineral colours in four different shades
- Certified organic ingredients

How

- Certified organic ingredients

How

Wear alone or over foundation to give the face a sun-kissed radiance with a touch of shimmer.

miessence®

MIESSENCE Foundation Powder

- Silky, lightweight breathable coverage
- Offers sun protection
- Wear over foundation for greater coverage, or alone for a matte smooth-like appearance
- Beautiful organic rose aroma
- Choice of 4 different mineral shades:
Fair, Medium, Tanned, & Dark

How

For light coverage: use a brush to apply over moisturised skin.

For heavier coverage: use a sponge to apply over moisturised skin.

To set your make-up: spray a few pumps of the Rose Monsoon Hydrating Mist.

miessence®

MIESSENCE Blush Powder

- Silky buildable colour
- Enhances 'healthy glow' complexion
- Beautiful organic Rose aroma
- Certified organic ingredients
- Natural minerals used to reflect light thus giving the skin a refined appearance
- Pretty and natural colours
- Silk (matte) shades for day, and Satin (shimmer) shades for evening:

Desert Rose (cool) – Silk/Satin

Apricot Dew (warm) – Silk/Satin

Ginger Blossom (neutral) – Silk/Satin

Why

The Silks look very light in the container. Once they are applied, they darken on the skin.

The Satins look similar to the colour they will be when applied on the skin

How

For a natural look: apply sparingly with a blush brush. For more colour: apply with a sponge.

miessence®
